Software Developer

👤 ABOUT ME

I am a recent Software Development graduate from SAIT, with strong skills in Python, C#, Java, JavaScript, and SQL. I have hands-on experience in front-end and back-end technologies like React, Node.js, and Nuxt.js. Passionate about software design, web and mobile applications development.

🎓 EDUCATION BACKGROUND

2022 - 2024	Dip in Software Development
2001 - 2003	BEng Civil Engineering
The University of Plymouth	

📁 WORK EXPERIENCE

2023 - Present

• Finishing Carpenter

Self-employed, Canada

Precision fabrication and assembly of wood structures, ensuring adherence to design specifications and client expectations. Applied problem-solving skills to ensure quality finishes.

2019 - 2021

• Construction Superintendent

Atkins China Ltd

Led site operations with a focus on compliance with rigorous safety and construction standards. Managed critical timelines and budgets, under stringent conditions.

2021 - 2022

• Project Manager

Shimizu Corporation

Oversaw complex project budgets and schedules, similar to managing projects requiring precise coordination and adherence to technical and regulatory standards.
